ESCAPE

In the mood for a soul-reviving countryside camping adventure, but not quite so keen on soggy groundsheets, eating from a tin and 3am wanders to a loo au naturel? The luxury safari-style lodges at Concierge Camping may just be exactly what you're looking for.

Nestled in the leafy West Sussex countryside, framed by the beautiful South Downs National Park to one side and sandy beaches and quaint harbours to the other, this is truly a magical world to escape into.

UNWIND

On the outside, the lodges resemble those you may find in Africa, surveying the plains and savannah of the Serengeti. Exposed timber frames support a hardy canvas exterior, with an outdoor sofa and picnic table furnishing the sunkissed deck, complete with a meandering stream for company. Here is a place to while away the hours sipping on a glass of wine while reading a book, having some old fashioned fun playing boardgames with the kids or cooking up a delicious feast on the charcoal barbeque.

LUXURY

Inside, you are greeted by the fresh aroma of pinewood. The underfloor heating and sumptuous corner sofa mean that regardless of whatever conditions are unleashed by the Great British weather, you will be warm, cosy and comfortable.

The rustic-looking yet state-of-the-art range cooker and well appointed kitchen are perfect for rustling up delicious meals from local farm produce and meats, with the luxuries of a fridge, freezer and dishwasher to hand to lighten the load.

COMFORT

Where the magic truly begins to unfold is when you venture inside one of the bedrooms. Instantly, you are transported back to innocent days of childhood, complete with a soundtrack of cooing woodpigeons, a vista of cornfields from your canvas window, and where the most stressful decision to make is choosing between lemon bon bons and pear drops for your midnight feast. Adding a touch of contemporary luxury are the discreet Bluetooth speaker system and remote-controlled window blinds, in keeping with the hi-tech, low-vis vibe.

REVIVE

Last, and certainly not least, is the coup de grace, the bathroom. Forget everything you thought you knew about camping toilets. This is most definitely boutique hotel bathroom suite, not fetid festival loo. The stunning overhead rain shower, complimentary Concierge toiletries and backlit-mirror equipped washstand give a sense of Nordic sauna meets Turkish hammam. Oh, and not forgetting that the fully plumbed-in loo is in here too, rather than half way down a neighbouring field.
